**3.**

**Subject: Annual Destiny Support Renewal**

[Policy 4:60 Purchasing and Contracts](#)

Destiny (by Follet Software Company) is a library and textbook management software solution that is used by all the schools in the District. In the 2007/2008 school year, Districts 101, 129, 131, 301, 302, 303, 304 and the Kane County ROE formed a cooperative to obtain better pricing on purchasing agreed upon technologies. Destiny was purchased through the cooperative agreement and is hosted and maintained by the Kane County ROE.

Each district pays a reduced rate for their annual maintenance and support contract. This renewal will provide support for the 2016/2017 fiscal year at a cost of \$20,671.21

The annual cost of support increased by \$9.88 for the school year 2016/2017.

**Net Budget Impact:**

Within ITS budget

**Committee Recommendation:**

To be determined.

**Administration Recommendation:**

Administration recommends that the Board of Education approve the annual renewal for the Destiny support in the amount of \$ 20,671.21
